

## **“Bilateral Exchange Program at University of Skövde, Sweden for M. Tech Sem VIII students”**

**APPLICATIONS ACCEPTED TILL 29<sup>th</sup> MARCH 2019**

Number of nominations for Autumn 2019: **03** from M. Tech Biotechnology  
Sem VIII

### **The Program**

Since last four years DYPBBI is successfully executing the bilateral exchange program at the University of Skövde, Sweden for the final year M. Tech students. Each year we nominate students from Sem VIII M. Tech for this program. The selected students get an opportunity to take up a course work followed by research project for a duration of one year at the University of Skövde, Sweden, and continuation of the program for another six months gives a M.S. degree upon completion of the foreign universities requirements. The tuition fees of University of Skövde is waived for the students selected in this program.

### **Selection criteria**

- Academic performance in previous years
- Knowledge of the subjects learnt in previous semesters
- Participation and excellence in co-curricular, extracurricular, extension, research activities

Selection will be based on statement of purpose followed by personal interview.

### **Dates to remember**

**Last date for submission of application\*: 29<sup>th</sup> March 2019**

**Tentative date of interview: 30<sup>th</sup> March 2019**

**Completion of online applications to Sweden by selected candidates: 15<sup>th</sup>  
April 2019**

\*Application is to be submitted on plain paper along with your CV and statement of purpose explaining “Why should you be selected for this program?”

Hard copies of the application should be submitted to Dr. Nawani or to Exam Section, Dr. D. Y. Patil Biotechnology and Bioinformatics Institute, Pune on or before the last date.
