## **Dr. D. Y. Patil Biotechnology & Bioinformatics Institute:**

Dr. D. Y. Patil Biotechnology & Bioinformatics Institute (DYPBBI), Tathawade, Pune is established as one of the constituent units of Dr. D. Y. Patil Vidyapeeth (Deemed to be University), Pune. The institute is led by eminent Biotechnologists, Molecular Biologists, Biochemists, Industrial Microbiologists, Plant & Animal Biotechnologists & Bioinformaticians. DYPBBI has established research facilities in the areas of Biotechnology & Bioinformatics in a short span of time. It is supported by DST- FIST for high-end equipment and infrastructure. The institute has also received research funding from National and International agencies like Department of Science and Technology (DST), Govt. of India, Department of Biotechnology (DBT), Govt. of India and Swedish International Development Corporation Agency (SIDA), Sweden. Under bilateral international exchange program our faculty and students are deputed to University of Skövde, Sweden.

The faculty publish papers in National and International peer reviewed journals and present their research along with their students at National and International conferences. The Institute has published more than 150 research papers, 12 book chapters and 250 research abstracts since 2009.

## **DBT/Wellcome Trust India Alliance:**

DBT/Wellcome Trust India Alliance (India Alliance) is an independent, dynamic public charity that funds research in health and biomedical sciences in India. India Alliance invests in transformative ideas and supportive research ecosystems to advance discovery and innovation to improve health and well-being. India Alliance stands for diversity, inclusivity, and transparency in science and works to facilitate the engagement of science with society.

India Alliance is funded by the Department of Biotechnology (DBT), Government of India, and the Wellcome Trust, United Kingdom.

## **About the workshop:**

We invite faculty and researchers from Biomedical and Health Sciences to learn about the skills required to write a successful grant application. Starting from how to identify the appropriate call for funding, this workshop will provide tips to participants to craft their own research proposals, draft mock budgets, participate in on-site exercises, and interact with each other. The workshop will also provide the researchers an opportunity to know about the various research funding opportunities provided by India Alliance.
